Principal’s Report

Since the last newsletter the NAPLAN results have arrived and students have written the second round of OLNA testing. Our Yr 12 Biology students had an interesting local excursion to study coastal organisms and sampling techniques and our budding Scientists were intrigued by the forensic case presented to them to solve, by a forensic scientist. The Indonesian students attended an Indonesian film festival and we congratulate year 8 students Anja Joubert and Adib Massoudi and Izabelle Valencia in Yr 9 who are the laureates for the Alliance Francaise Poem Recitation Competition. We also congratulate those students who excelled in the Australian Maths Competition. Brad Huddleston a Computer and Neuro Scientist addressed the school, highlighting some of the impacts modern technology is having on society and the need to be careful in our use of technologies.

On the sports front and Inter-House competitions, we have completed the Inter-House Athletics and Inter-School Carnivals and the final rugby matches have been played. Taylor House won the Inter-House Quiz.

It is encouraging to see how committed many Year 12 students are to their studies and preparations for their Mock Examinations.

As I reflect on the business of life that we all face it is an amazing blessing to know that God promises His people a peace that passes all understanding. Philippians 4:6-7

“Be anxious for nothing, but in everything by prayer and supplication, with thanksgiving, let your requests be made known to God; and the peace of God, which surpasses all understanding, will guard your hearts and minds through Christ Jesus.”

Table Tennis

A story of commitment, dedication, hard work and success!

Holly recently competed in the WA State Competitions. She won the U.18 and U.21 singles, came 2nd in the Ladies Doubles and got to the Semi-Finals of the Ladies Singles.

We wish Holly all the best as she prepares to travel to Adelaide for the Australian Junior Nationals on 25th Sept.

We love hearing about students’ achievements. Please email secondarystudents@qbc.wa.edu.au if your child is representing the state or Australia in any event.

National Science Week is an annual celebration of Science in Australia, an opportunity to join together to enjoy and explore the wonders and benefits of Science.

National Science Week events are aimed at being fun for the participants. Activities are also supportive of the Science Curriculum and to encourage the participants to want to try more Science.

Quinns Baptist College has been celebrating National Science Week over the last few years and this year was no exception. We even ended the week with an assembly dedicated to Science! Students and staff showcased aspects of Science including Physics and Chemistry demonstrations and the whole assembly was treated to a slideshow of various in-class activities and experiments conducted during Science classes.

Throughout the week, lunchtimes have been filled with various fun scientific activities and a few competitions also took place. The worthy winners were invited to collect their awesome prizes at the assembly.

Heartfelt thanks to all the students and staff that made this year’s Science Week so much fun and a great success.

Before we watched the movie, I had a chance to speak Indonesian to an Indonesian teacher. The fact that I could speak full sentences to her and understand her made me feel confident. The movie was great and the restaurant gave us the opportunity to eat different cultural dishes. The entire experience was wonderful!

Madeleine Randall Year 9.

The Indonesian Film Festival was a once in a lifetime experience, I go to see what the culture and Religion was like through the film and I got to taste what type of food there is in Indonesia. I absolutely loved it and can’t wait to go next year.

Danita Burger Year 9

A couple of Year 10 comments

“Aduh!! (Wow) The film was ‘bagus sekali’ above all meeting the actors who starred in the film was an incredible opportunity. The authentic Malaysian Makanan was beautifully cooked. Best day spent by far.

It was exciting meeting some of the actors that starred in the film. One of the best moments was when the 10 year old actor did stand up comedy fluently in English.
We have found that this Year 7 result is similar to previous years and was much as expected. Steps were put into place in Term 1 to support a large number of students in Literacy and Numeracy. Results of these support measures have been encouraging and the aim is to have the cohort above the National Average when they sit again in Year 9, 2017.
Federal, State and Territory Education Ministers have agreed that NAPLAN will move online from 2017. over a two–three year period.

The Australian Curriculum, Assessment and Reporting Authority (ACARA), are seeking feedback from the community to help guide their planning for this move. They want to hear questions that people may have about the move online.

### Quinns Battery Recycling Program

Last year we launched the used Battery Recycling Program at Quinns. Please place them in the specially decorated bin (see photo) in the LIBRARY. No car or phone batteries please.

If you put the batteries in the general household rubbish bin it goes to landfill and can contain toxic substances which are harmful if released into the environment. Alternatively they may end up at a composting facility and cause contamination. Through our program all metals and components of the batteries are recycled by Auszinc in New South Wales to make street lights, new batteries and steel frames for houses.

Library is open before and after school so bring them in! Let’s see how many kilograms of batteries we can collect this year. Thanks to Mindarie Regional Council for setting this up and collecting the batteries.
External Tutoring

Quinns Baptist College are happy to announce that the Academic Task Force will be holding holiday revision courses for Year 12s at QBC in September. Quinns’ Youth Group

Every Friday of the school term Quinns Youth is run for High School students. This youth group provided by Quinns Baptist Church aims at providing a safe environment for students to gather out of school hours for games, social interaction and spiritual growth. Throughout the year Quinns Youth runs camps, sleepovers and other events with the goal of building healthy relationships between students whilst helping them grow in faith.

For more information about Quinns Youth or Quinns Baptist Church please contact the School or Ryan Cristonsen directly on: 0417712093

Quinns Youth
YEARS 7 - 12  FRIDAY’S 7.30PM - 9.00PM - OBC PRIMARY

Quinns Youth starts at 7.30pm in the Primary School Auditorium every Friday during school term (unless otherwise advertised) and finishes at 9.30pm. The cost is a $2 donation for materials and some activities away from the school may involve extra costs. Quinns Youth is open to all High School students from Years 7 to 12.
Understanding Stepfamily Relationships

Stepfamilies and blended families operate in a different way to intact biological families. The dynamics of a stepfamily are more complex and there is a need for special understanding and management from both biological and stepparents working together for a healthy stepfamily growth to happen.

In this workshop you will challenge some myths about stepfamilies:
- find out what has proven to be helpful and unhelpful
- learn how to grow a strong and loving couple relationship
- learn how to manage discipline and understand the needs of the children
- have an opportunity to address particular issues within the group
